

# Go Ten

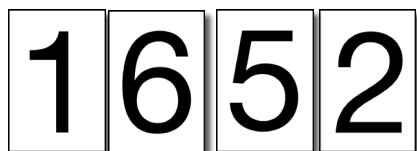

## A game for 3 to 4 players

### You'll need:

- Four or more sets of cards

### How to play:

1. Shuffle the cards.
2. Deal 7 cards to each player. Put the rest of the cards face down in the center of the table.
3. Players look at their cards to find pairs that make 10. Players take any pairs they find and put them in their pile.
4. Player 1 asks another player for a card that will let them make 10.

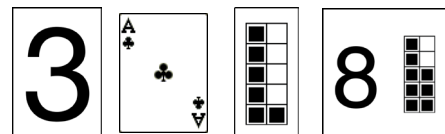

This player could ask for a 9, 4, 5, or 8.

5. If the player has that card, she has to give it to Player 1. Player 1 takes the two cards and sets them down in his pile. Then Player 1 gets another turn. If she doesn't have that card, she says, "Go Fish." Player 1 takes a card from the pile in the center of the table.
6. Then it's Player 2's turn.
7. Take turns asking for a card to make 10.

### Who wins?

When all the cards have been played, the player with the most cards wins.

### Teacher Notes:

Students can use 0-10 cards, playing cards with the face cards removed, ten-frame cards, or transition cards with both the ten frame and the numeral on them. If you use playing cards, you might want to use a marker to turn one of the face cards or the joker into a zero.
