

MAKE TEN CONCENTRATION

Number of Players: 2 to 4

Supplies:

2 sets of ST Math Creature Cards

Objective: To collect the most creature cards that make ten.

How to Play:

1. Shuffle the cards. Then, place them face-down in an array.
2. Players take turns flipping up two cards.
3. If the number of the creature's feet on the two cards adds up to 10, then, the player keeps those two cards and draws again. The player continues to draw until they do not have a make-ten match.
4. If the feet on the cards do not add up to 10, the cards are turned face-down and that player's turn is over.
5. Play continues until all cards are removed.
6. The winner is the player with the most cards.
