

Monitoring Observational Plans

Use this tool for recording, analyzing, and creating intervention strategies around student academic behavior.

NAME: <i>Ellie</i>			DATE: <i>10-20-20</i>
OBSERVATIONAL DATA	STRATEGY	DESIRED BEHAVIOR	OBSERVATIONAL EVIDENCE
<i>Unsure doesn't see mistakes as learning opportunities struggle to adjust strategies</i>	<i>Encourage her to pay attention to animation Turn on auto-pause and use animation controls to slow down animation</i>	<i>Integrating new information to adjust strategy and learn from mistakes</i>	<i>Ellie is able to explain what happened when she applies her strategy. When the animation plays, Ellie can explain/show using annotation tools her mistake, what she learned from it, and how she will adjust her strategy.</i>
