ACTION PLAN

Teacher Resource

ST Math

Directions:

Identify students with reason for concern or celebration in their data. Mark which area requires action. Create an action plan and note details. Optional: Determine priority based upon student need.

Class/Period _____ **Date** _____

Priority	Student Name					Actions/Notes

Minutes & Puzzles

Weekly Goals

PK: 30 Minutes | 10-30 Puzzles

K-1: 60 Minutes | 25-65 Puzzles

2-8: 90 Minutes | 35-95 Puzzles

Minutes **Puzzles**

Celebrate **Alerts***

** "Many Tries" tells you a student has incorrectly attempted the same level at least 10 times and may need assistance.*

Consider using the animation control tool and questions in the Learning Cycle to support the student.

Look-For Checklist

- Outliers – students with low minutes or puzzles compared to average.
- If students are meeting usage goals.
- Students with alerts.
- Accomplishments you can celebrate.
