**PROBLEM SOLVING PROCESS**

**NOTICE & WONDER**

*Focus students’ thinking about the problem.*
- What do you notice?
- What do you wonder?
- What question is the problem asking?

**PREDICT & JUSTIFY**

*Uncover students’ thinking around how they plan to address the problem.*
- What is your prediction?
- What strategy will you use to test it?
- What do you think will happen when you test your prediction and why?

**TEST & OBSERVE**

*Encourage students to observe and process the results of testing their hypothesis.*
- Test your hypothesis.
- Describe what happened.

**ANALYZE & LEARN**

*Facilitate students in analyzing the feedback/results.*
- How does this compare to what you thought would happen?
- What did you learn?
- How will you use what you learned?

**CONNECT & EXTEND**

*Stretch students’ thinking.*
- How does what you learned support your understanding of [the concept]?
- What would happen if ______?
- How would you apply this concept to [this] situation?
**PROBLEM SOLVING PROCESS**

When your students struggle with...

**Getting Started**
- What do you need to do to solve this problem?
- What do you know about this problem and what do you need to know?
- What question is this problem asking you to solve?
- How might you begin?

**Identifying and Testing Strategies**
- What is your strategy? Why is that the best strategy?
- What will happen if you click on ______?

**Persevering**
- Is there anything you learned from those earlier levels that can help you now?
- Is this like ______ that you did earlier? How is it the same? How is it different?
- What have you tried? What happened?
- What did you try that did not work? Why did it not work?
- What do you already know about (concept/problem)?

**Learning from Feedback**
- What did you learn from the feedback?
- What do you need to do next?
- What did you see that showed you the answer was wrong?
- Explain why your answer was correct or incorrect.
- How did the earlier problems/levels work?

**Extending and Connecting**
- Please explain it in a different way.
- Is there another way to solve this puzzle?
- Can you represent this puzzle symbolically?
- Show me how this will work on the next problem.
- Why did you _____?
