Go Math 2012 Curriculum

Grade 5

ST Math
Created by MIND Education

GO 2012 MATH	ST MATH	PUZZLE TALKS <i>*Must be signed in to ST Math to access.</i>
Chapter 1: Place Value, Multiplication, and Expressions	Interpret Expressions Multiplication Algorithm	Placing Parentheses Writing Expressions
Chapter 2: Divide Whole Numbers	Division Algorithm Strategies	Division Algorithm - Partial Quotients
Chapter 3: Add and Subtract Decimals	Decimal Place Value Comparing with Decimals Rounding Decimals Addition and Subtraction with Decimals	Adding Decimals - Horizontal Subtracting Decimals - Horizontal
Chapter 4: Multiply Decimals	Multiplying Decimals	
Chapter 5: Divide Decimals	Dividing Decimals	
Chapter 6: Add and Subtract Fractions with Unlike Denominator	Common Denominators and Equivalent Fractions Adding and Subtracting Fractions with Unlike Denominators	Adding Fractions with Unlike Denominators Subtracting Fractions with Unlike Denominators
Chapter 7: Multiply Fractions	Multiplying Fractions	Intro to Multiplying Fractions Intro to Multiplication as Scaling Fraction Multiplication using an Area Model
Chapter 8: Divide Fractions	Dividing Fractions	Intro to Dividing with Unit Fractions

**Must be signed in to ST Math to access.*

Chapter 9: Algebra: Patterns and Graphing	Line Plot Decimals and Mode The Coordinate Plane Patterns and Relationships	Dueling Patterns on the Number Line Plotting on the Coordinate Plane Labeling on the Coordinate Plane
Chapter 10: Convert Units of Measure	Converting Measurements	
Chapter 11: Geometry and Volume	Shapes and Properties Volume	Composite Volume Tiling to Find Volume Calculating Volume
