Grade 2

ST Math
Created by MIND Education

STEMscopes Math Texas	ST MATH	PUZZLE TALKS <i>*Must be signed in to ST Math to access.</i>
Place Value	Skip Counting The Number Line Place Value to 1,000 One Hundred as a Unit Place Value Bundles to 1000	Intro to Skip Counting Scrolling and Zooming on the Number Line Placing numbers on a number line Intro to the Number Line - Circular Model Place Value Regrouping Building 1000 Building 100 with 10s Place Value Regrouping 2
Size of Numbers	Three-Digit Numbers Words Counting to 1,000 Comparing Three-Digit Numbers	
Fraction Concepts	Partitioning into Equal Shares	
Basic Facts	Addition and Subtraction Situations	
2-Digit Addition & Subtraction	Addition and Subtraction Situations within 100 Operations on the Number Line Two Step Situations	Addition within 100 with a concrete model Subtraction within 100 with a concrete model Addition within 100 using Tokens Subtraction within 100 using Tokens

STEMscopes Math Texas	ST MATH	PUZZLE TALKS <i>*Must be signed in to ST Math to access.</i>
		Two-step length problems
Money	Money	
Multiplication and Division Concepts	Rows and Columns	
Patterns and Strategies	Equal Groups Adding and Subtracting Tens and Hundreds	
Plane & Solid Figures	Recognizing Shape Attributes	Naming and Identifying shapes
Length	Measurement	Measure with a ruler
Time	Time	Time to the nearest 5 minutes
Data	Creating Graphs Line Plots	Measurement Line Plots
