CPM

Grade 6

ST Math
Created by MIND Research Institute

CPM Units	ST MATH
Chapter 1: Introduction and Representation	Line Plot Intro and Histograms
Chapter 2: Arithmetic Strategies and Area	Area of Polygons
Chapter 3: Portions and Integers	Negative Numbers Coordinates and Distances
Chapter 4: Variables and Ratios	Proportional Reasoning Linear Relationships (G6)
Chapter 5: Multiplying Fractions and Area	Decimal Addition and Subtraction Decimal Multiplication Decimal Division
Chapter 6: Dividing and Building Expressions	Fraction Division Division Algorithm Exponents
Chapter 7: Rates and Operations	Unit Rates, Tables, and Graphs (G6) Properties of Operations (G6) Modeling with Expressions (G6) Graphing Proportional Relationships
Chapter 8: Statistics and Multiplication	Solving One-Step Equations (G6) Line Plots and Summary Statistics (G6) Applying Rates and Ratios (G6)
