

CRITTER ADDITION GAME MAT 01

CRITTER ADDITION GAME MAT 02

A large blue rectangular area representing a game mat. On the right side, there is a stack of 16 white, cartoonish critters with large eyes, arranged in a 4x4 grid. The stack sits on a thin orange horizontal bar representing the ground. On the left side, there is a mathematical equation template: a horizontal line followed by a plus sign (+), another horizontal line, and an equals sign (=). The background of the mat features a light blue sky with a few white clouds.
